

Canberra Contra Club:

Activity:

In 2024-2025 we have been running regular Tuesday night dance evenings on the first and third of every month. We ran 20 Tuesday night contra dances during the period indicated. We ran 3 music sessions on 5th Tuesday evenings. We ran one dance on the Tuesday night before the National that draws people attending the NFF and is always a big evening.

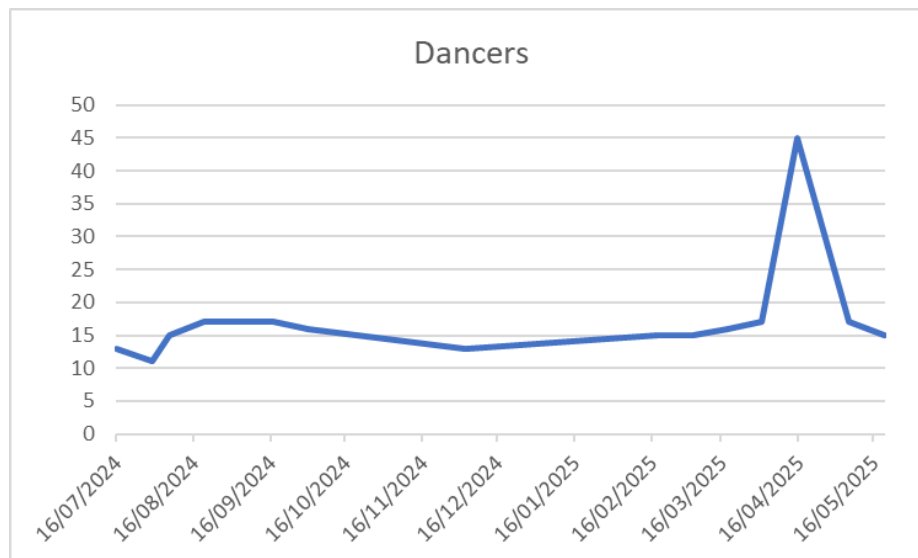

Festivals:

We played at Kangaroo Valley Folk Festival 2024 and Cobargo Folk Festival in 2025. The Canberra Contra Club ensemble also supported the National Folk Festival Contra Band at the National Folk Festival 2025 although it was not formally a CCC activity.

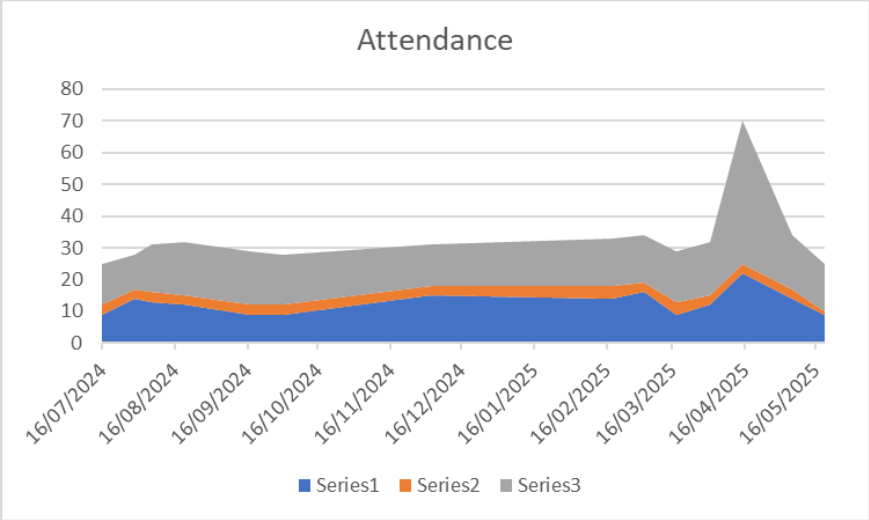

The Wee Jasper Contra weekend ran in January 2025. This was a good fun as always and worked well with good weather.

Attendance:

Dance numbers are presently healthy. The size of the group has grown slightly over the last 12 months. There are quite a few new faces in the group and I feel that the group is quite welcoming at the moment.

The total attendance includes band members and organisers/callers.

Here blue indicates band members. Orange is callers and organisers. Grey is dancers.
